Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Friday 11 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Early cloud and some rain. Drier, brighter and warmer later.

Today:
A rather cloudy and breezy to start the day. Some outbreaks of rain and drizzle, though this mainly in the west. Becoming dry and warm into the afternoon with frequent sunny spells developing as cloud breaks. Maximum temperature 21 deg C (70 deg F).

Tonight:
Dry and mostly clear overnight and winds falling light. Rather chilly in rural parts by the end of the night, though feeling milder and more humid in some coastal areas. Minimum temperature 4 deg C (39 deg F).

Saturday:
Plenty of warm sunshine on offer through the morning, along with light winds. Probably turning cloudier into the afternoon, though remaining dry. Maximum temperature 22 deg C (72 deg F).

Outlook for Sunday to Tuesday:
Another fine day Sunday and feeling very warm in parts. Cloudier for a time Monday with some patchy rain, turning clearer and fresher later. Dry and warm again on Tuesday.
